"The government is committed to expanding social security in the country to ensure that all Malaysians are protected by a sustainable and affordable social security system"

- Utusan Online, 3rd October 2018

YAB Dato' Sri Dr Wan Azizah Binti Wan Ismail
Deputy Prime Minister of Malaysia

Social Security Definition and Concept

SOCIAL SAFETY DEFINITION

'The provision of benefits to households and individuals through public or collective agreements to protect against low or declining living standards'

International Labor Organization (ILO)

'Public measures intended to assist individuals, households and communities in managing income risks in order to reduce vulnerability and downward fluctuation in incomes, improve consumption smoothing and enhancing equity'

The World Bank

SOCIAL SAFETY CONCEPT

"... Everyone of the public has the right to a basic standard of living for the health and welfare of himself and his family including protection against unemployment, pain, disability, death, old age and other shortage of living..."

International Labor Organization (ILO), 2001

About the Social Synergy Program

Adapted from various social security models from developed countries such as Australia, England, Germany, Canada & South Korea.

It addresses the fragmented problems Social Security providers are facing and forms the 1st consolidated social security platform in Malaysia.

Adaptation

Collaboration

Platform

Integration

The program is a collaboration between SOCSO and other social security agencies in Malaysia. Launched on 7th August, 2017

The integration process creates a systematic and comprehensive social security network and provides holistic & end-to-end solution to the people

Vision and Mission of the Social Synergy Program

Vision

A holistic social security platform providing end-to-end solution for all Malaysians

Mission

To provide a systematic and comprehensive social security network through a strategic collaboration between all agencies which ensures that all Malaysians receive the right social security protection and subsequently improve the standard of living of individuals and families.

Objectives of the Social Synergy Program

To increase subsistence income and reduce the incidence of poverty

To provide a centralised, systematic, comprehensive and holistic social security platform for all Malaysians.

OBJECTIVES

To educate all Malaysians on systematic financial management

To develop Malaysians who are versatile and possess competent skills in various fields

Testimonials

"The program was very helpful for those who lost their jobs, they introduced me to various benefits provided by the government.
Thank you SOC SO

En. Razman (Ampang)

"Thanks AKPK, I can sleep well because the bank doesn't bother me anymore"

Pn. Zurina (Kemaman)

"Free Training, Free Marketing, Free Consultation. Where else should I look for. Thank you so much Social Synergy"

En. Halim (Jasin)

"Thank you SOC SO, a program worthy of the Nobel Prize. Good Job team "

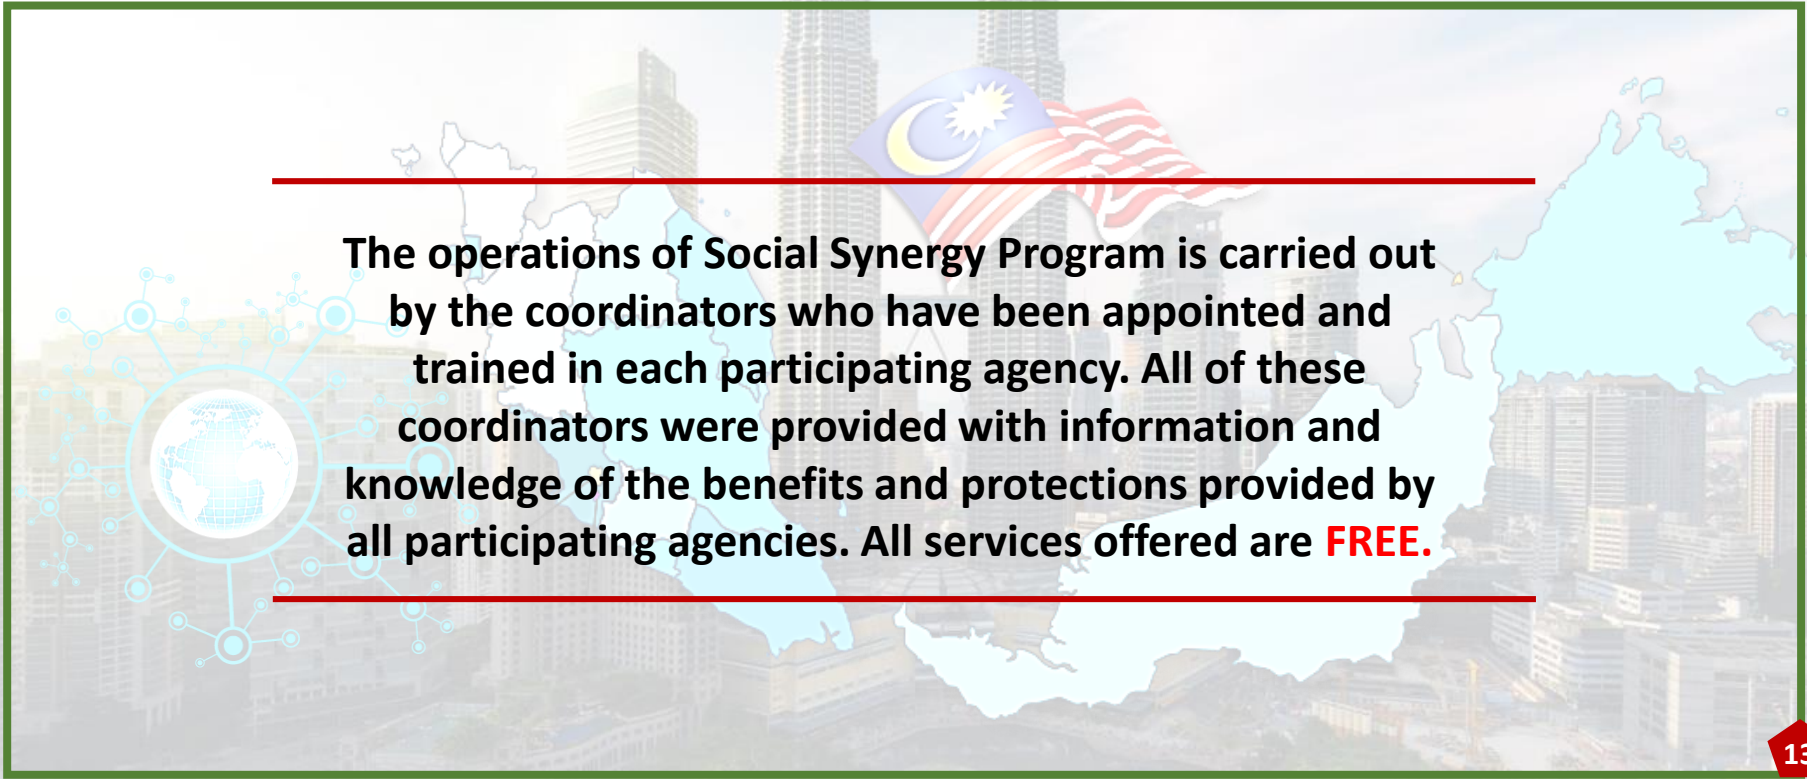

En. Prakash (Tapah)

"If there are people who need help to restore the family's economy, the Social Synergy Program is the answer to your stress. Congratulations SOC SO"

Pn. Shuhada (Salak Tinggi)

"Program is timely when people are struggling with economic problems. Thank you Malaysia"

Pn. Kwan (Petaling Jaya)

The background of the slide features a faded image of the Petronas Towers in Kuala Lumpur, Malaysia. Overlaid on this is a light blue map of Malaysia. A large, waving Malaysian flag is positioned behind the text. To the left of the text is a graphic of a globe with a network of blue lines and dots radiating from it. The text itself is centered and framed by two horizontal red lines.

The operations of Social Synergy Program is carried out by the coordinators who have been appointed and trained in each participating agency. All of these coordinators were provided with information and knowledge of the benefits and protections provided by all participating agencies. All services offered are **FREE.**

THANK YOU
