LANEXANG SECURITIES PUBLIC COMPANY

Liquidity – Risk Mitigation

The liquidity will (hopefully) improve accordingly as the market develops.

Investors are required to have a long-term investment perspective.

LANEXANG SECURITIES PUBLIC COMPANY

Transparency

⊙ Corporate Governance:

-Controlling power on major shareholder

⊙ Company Disclosure:

- High compliance and implementation of information disclosure, yet still hard to get adequate and extra information

⊙ Still some gaps between Laos Accounting Standards and IFRS

- Solved and advised by worldwide well-known auditors

LANEXANG SECURITIES PUBLIC COMPANY

Law & Regulations - Risk Mitigation

⊙ **The uncertainty and inconsistency of law and regulations**

⊙ **Needs of more regulations to implement the securities law**

Risk Mitigation

To constantly get updated and ask for securities house advice

A long list of regulations on securities market is being drafted by SECO
