### WRITE-UP FOR ASSA RECOGNITION AWARD

<b>CATEGORY</b>	:	Information Technology Recognition Award
<b>ORGANISATION</b>	:	Vietnam Social Security (VSS)
<b>CONTACT PERSON</b>	:	Name : Nguyen Vinh Quang- Director of International Cooperation Department  Contact Number : ++84 4 39361780
<b>NAME OF PROJECT</b>	:	VSS launches health care data portal and health insurance assessment information system
<b>OBJECTIVE AND NATURE OF PROJECT</b>	:	To ensure better rights of the insured people and effectively manage health insurance fund in accordance with the law
<b>WHY IT SHOULD BE RECOGNISED</b>	:	As one of the main pillars of social security system, with profound humanitarian and community sharing meanings, health insurance has always played an important role and position in the social life. The project is one of VSS efforts in health insurance policies implementation and is recognised by the Government of Vietnam.
<b>SUMMARY OF THE PROJECT</b>	:	VSS focuses on modernizing the administration and reforming administrative procedures with the priorities to promote IT applications in assessment and payment of medical expenses. Currently, most of the health facilities in 63 provinces and cities have piloted the connection with the health insurance assessment information system. From 25 June, VSS portal was officially put into operation, receiving data of health insurance claims from health facilities nationwide.
